

Please do not allow the repeal of NJ,s Telephone Consumer Protection Act or any part thereof, including the DO-Not-Call Provision. Marketeers in a market-driven capitalistic economy must be constantly reminded, if necessary controlled, so that their only objective is to serve society AT THE RISK OF MAKING A PROFIT, not merely making money risk-free by scamming, annoying or otherwise abusing society. Any company or official, elected or non-elected, facilitating licence of this sort or any other onerous conduct, deserves to fail or be dismissed from office.
